

GONZALO ERRECA

ABOUT ME

Currently enrolled in a technical course about Web Development and Digital Applications. My level of writing and reading in English is good, spoken is a work in progress.

At the moment I live in Tandil, Buenos Aires, but I have availability to move if necessary.

Although my work experience doesn't add much to the profile I am currently applying for, it has given me the ability to work in a group, deal with people and solve problems on the go.

I would appreciate the opportunity to start as an Trainee in this field of work.
